eRAD Corporation and Calgary Scientific Inc. Announce Integration, Sales, and Distribution Agreement for ResolutionMD™ Family of Advanced Visualization Software

GREENVILLE, S.C and CALGARY, AB., June 7, 2007 - eRAD Corporation, a leading developer and supplier of advanced enterprise PACS, Teleradiology, and Image Management solutions, and Calgary Scientific Inc. Medical Group, a leading ease-of-use provider of advanced visualization and analysis software solutions, and a business unit of Calgary Scientific, Inc., today announced the signing of a product integration, sales, and distribution agreement for the ResolutionMD product family.

eRAD Corporation, which sells and distributes its e3 PACS and other advanced medical enterprise solutions throughout the USA, Europe, and other international markets, will now offer the ResolutionMD product family as a fully integrated option in their PACS diagnostic and clinical viewing applications. The integrated solution is being showcased at the Society for Imaging Informatics in Medicine (SIIM) Annual meeting being held in Providence, RI from June 7 -10, 2007. eRAD is exhibiting in booth #1136 and Calgary Scientific Inc. Medical Group is in Booth #1131.

Dr. Roy Miller, President of eRAD Corporation stated, "eRAD is known for offering innovative products and workflow solutions. I am pleased that we are able to continue this tradition with products of our own development, and through partnerships like this one with Calgary Scientific Inc. Medical Group."

"We are extremely pleased to partner with such a highly respected PACS and image management innovator," stated Dr. Byron Osing, Chair and CEO of Calgary Scientific Inc. regarding eRAD. "We look forward to our relationship and the continuous improvement of healthcare outcomes through the widespread use of fast, elegant and powerful clinical imaging tools for disease diagnosis, analysis and patient communication."

About eRAD Corporation

eRAD and Image Medical were founded separately in 1999 and merged in 2001. eRAD offers a standards-based, web-centric image management solution using leading-edge technology. eRAD PACS web-accessible archive, and workflow solutions are installed in over two-hundred fifty customer sites throughout the USA. eRAD's PACS and RIS solutions integrate full-featured RIS/PACS and image management with workflow tools for hospitals, clinics, imaging centers and physician practices. For more information, visit www.eradPACS.com.
